Overview

- Your Virtual Code Meter (VCM) activation code has been emailed to you in your purchase confirmation message.
- You will need to install two AccessData products, the Summation Express application and our License Manager software.
- Install the latest release of License Manager first. It is available on the AccessData download page: <http://accessdata.com/support/adownloads>.
- The following basic steps below are to be run on the system where you want to permanently attach the VCM.
- Additional detailed installation instructions can be found in the *Virtual Codemeter Activation Guide*. These instructions include advanced topics such as:
 - Moving your VCM from one system to another
 - Setting up a VCM for Offline Systems
 - Creating a Virtual CM-Stick with Server 2003/2008 Enterprise Editions
 - Additional Instructions for AD Lab WebUI and eDiscovery
 - Virtual CodeMeter FAQ's

Basic Setup Virtual Code Meter (VCM) Instructions

1. Unplug any AccessData dongles you may have currently connected.
2. Download and launch the License Manager setup installation wizard found at <http://accessdata.com/support/adownloads>.
3. Select **Create A Local Virtual CMStick**.
4. Click **OK**.
The Confirmation Code Required dialog appears.
5. Enter your confirmation code which you received in your purchase confirmation email.
6. Click **OK**.
AccessData License Manager will automatically synchronize with the License Server over the Internet.
7. Click **OK** when the update completes.
License Manager will then create the VCM on your system.

8. At this point, AccessData License Manager now displays a serial number for the VCM on the Licenses tab. You are now ready to install Summation Express.

Note: Your Summation Product Support Representative may ask you for this serial number to confirm you have a current maintenance subscription.

Basic Setup Summation Express Instructions

1. After installing AccessData's VCM software and entering your activation code, you are ready to install Summation Express.
2. Download and launch the Summation Express installation wizard found at <http://accessdata.com/support/downloads>.
3. Follow the online instructions.
