QUESTION 1

QUESTION 1

- 1. The following table shows the results of a survey of 100 people. The table shows the number of people who chose each option for each of the three categories. The table is partially filled in. Complete the table by calculating the missing values.

Category	Option 1	Option 2	Option 3	Total
A	15	25	10	50
B	20	15	10	45
C	10	15	15	40
Total	45	55	35	135

QUESTION 2

QUESTION 2

- 1. The following table shows the results of a survey of 100 people. The table shows the number of people who chose each option for each of the three categories. The table is partially filled in. Complete the table by calculating the missing values.

Category	Option 1	Option 2	Option 3	Total
A	15	25	10	50
B	20	15	10	45
C	10	15	15	40
Total	45	55	35	135

QUESTION 3

- 1. The following table shows the results of a survey of 100 people. The table shows the number of people who chose each option for each of the three categories. The table is partially filled in. Complete the table by calculating the missing values.

Category	Option 1	Option 2	Option 3	Total
A	15	25	10	50
B	20	15	10	45
C	10	15	15	40
Total	45	55	35	135

1. **Introduction**
The purpose of this report is to analyze the impact of the new tax regulations on the company's financial performance. The report is structured as follows:
1.1. **Background**
1.2. **Methodology**
1.3. **Results**
1.4. **Conclusion**

2. Background

2.1. **Company Overview**
The company has been operating in the market for over 10 years. It has a strong reputation and a loyal customer base. The company's revenue has been growing steadily over the past few years.

2.2. **Market Analysis**
The market is highly competitive. There are several key players in the market, each with their own strengths and weaknesses. The company's market share is currently around 15%.

2.3. **Financial Performance**
The company's financial performance has been strong. It has a high profit margin and a low debt-to-equity ratio. The company's revenue has increased by 10% over the past year.

2.4. **Impact of New Tax Regulations**
The new tax regulations have had a significant impact on the company's financial performance. The company's tax liability has increased, which has led to a decrease in its profit margin. The company's revenue has also decreased due to the new regulations.

2.5. **Conclusion**
The new tax regulations have had a negative impact on the company's financial performance. The company's profit margin has decreased, and its revenue has also decreased. The company needs to find ways to mitigate the impact of the new regulations.

3. Methodology

3.1. Data Collection

The data for this report was collected from the company's financial statements and market research reports.

QUESTION 1

QUESTION

1. A company's sales are \$100 million. The company's operating expenses are \$80 million. The company's operating income is \$20 million.

ANSWER

- Operating income = Sales - Operating expenses = \$100 million - \$80 million = \$20 million

QUESTION 2

QUESTION

2. A company's sales are \$100 million. The company's operating expenses are \$80 million. The company's operating income is \$20 million. The company's interest expense is \$5 million. The company's income tax expense is \$3 million. The company's net income is \$12 million.
3. A company's sales are \$100 million. The company's operating expenses are \$80 million. The company's operating income is \$20 million. The company's interest expense is \$5 million. The company's income tax expense is \$3 million. The company's net income is \$12 million.

ANSWER

- Operating income = Sales - Operating expenses = \$100 million - \$80 million = \$20 million

QUESTION

4. A company's sales are \$100 million. The company's operating expenses are \$80 million. The company's operating income is \$20 million. The company's interest expense is \$5 million. The company's income tax expense is \$3 million. The company's net income is \$12 million.

ANSWER

QUESTION

5. A company's sales are \$100 million. The company's operating expenses are \$80 million. The company's operating income is \$20 million. The company's interest expense is \$5 million. The company's income tax expense is \$3 million. The company's net income is \$12 million.
6. A company's sales are \$100 million. The company's operating expenses are \$80 million. The company's operating income is \$20 million. The company's interest expense is \$5 million. The company's income tax expense is \$3 million. The company's net income is \$12 million.

ANSWER

- Operating income = Sales - Operating expenses = \$100 million - \$80 million = \$20 million

QUESTION

7. A company's sales are \$100 million. The company's operating expenses are \$80 million. The company's operating income is \$20 million. The company's interest expense is \$5 million. The company's income tax expense is \$3 million. The company's net income is \$12 million.
8. A company's sales are \$100 million. The company's operating expenses are \$80 million. The company's operating income is \$20 million. The company's interest expense is \$5 million. The company's income tax expense is \$3 million. The company's net income is \$12 million.

ANSWER

- Operating income = Sales - Operating expenses = \$100 million - \$80 million = \$20 million

[Redacted text block]

1. Introduction

This document provides a comprehensive overview of the project's objectives, scope, and key findings. It is structured as follows:

1. Introduction

2. Objectives

2.1. Purpose

The primary purpose of this project is to analyze the impact of the proposed changes on the organization's performance.

The secondary purpose is to identify potential risks and opportunities associated with the implementation.

2.2. Scope

The project scope is limited to the implementation of the proposed changes within the specified time and budget constraints.

3. Methodology

The methodology employed in this project is a combination of qualitative and quantitative research methods.

4. Results

4.1. Findings

The findings indicate that the proposed changes have a positive impact on the organization's performance.

4.2. Conclusions

The conclusions drawn from the analysis are that the proposed changes are feasible and beneficial.

4.3. Recommendations

Based on the findings, it is recommended that the organization proceed with the implementation of the proposed changes.
